Check the box to release existing lien if applicable.

You have the option to release an existing lien at the same time you are adding your own lien. You may only release another lender's lien if:

- You have a valid lien release,
- You have sent the other lender the payoff amount, or
- You have contacted the other lender to verify their lien has been paid.

You are responsible to ensure the lien has been satisfied and will certify this as part of the completion of the application.

Back

Preview Receipt

Complete Application: Completes the transaction. An eMV receipt is produced and funds will be debited via ACH. DMV will issue the title. You must have the most current title in your possession in order to complete the transaction unless doing a replacement title transaction or repossession.

Back: Goes back to previous screen and allows changes to be made.

Preview Receipt: Allows the receipt to be viewed before completing the transaction. Information may be reviewed for accuracy before the application is committed to completion.

*Note: Your system must have specific Adobe Reader settings in place in order to use the Preview Receipt function.

1. Open Adobe Reader. Click "Edit", then "Preferences".
2. Select "Options" or "Internet".
3. **Uncheck the first box**, "Display PDF in Browser".
4. Click "OK", and exit Adobe Reader.

If you are unable to adjust your Adobe Reader settings, **do not** use the receipt preview function. Your transactions will get hung up and will not complete.

ADD LIEN AND APPLY FOR REPLACEMENT TITLE

A replacement title cannot be issued if the title is being held by the lien holder. The customer must contact their lien holder for assistance.

- Verify if a title is being held by the lien holder by selecting the “Vehicle Inquiry” transaction from main menu.
- If there is no title to lien holder notation, **print a copy of the inquiry screen.** This print will need to be sent in with the receipt for imaging.

If the organization you are processing for does not have a lien against this vehicle, you will see the following message after choosing Vehicle Repossession transaction and entering VIN:

Verify that the VIN has been entered correctly.

DMV has created a free program for lenders and other affected parties to verify whether a vehicle record shows any liens: <http://on.dot.wi.gov/applicationdoc/lien/index.htm>.

The Lien Holder Inquiry ("lien look-up") print includes the VIN, year and make of the vehicle. If a lien is on our record, the lien holder is displayed. If there is no lien on our record there will be a statement saying, "No lien record found as of 'date'," where the date is the day of the inquiry.

Use of the system requires a registered WAMS username and password.

If you have additional questions as to whether or not a lien is listed on a record, contact DMV's Vehicle Records Section at (608) 266-3666.

REMOVE YOUR LIEN

Once your lien has been released

- If the lien was listed **after** July 30, 2012, a new title will be issued to the owner or subsequent lien holder. If you are holding a paper title there is no need to return the title to DMV; please destroy it once your lien has been released and you have sent proper notification to your customer.
- If the lien was listed **prior** to July 30, 2012 your customer will have to submit their title to DMV to have a clear title issued.
- If incidents/notations exist against the vehicle the lien will be removed but a new title will not be printed until those are cleared.

Select "Remove your lien," enter the VIN, and click **Next**.

This system has been designed to walk you through each available transaction. Simply select the appropriate radio button and click "Next" to begin the step-by-step instructions.

Verify the vehicle and customer information. Check the Existing Lien Holders box to release your lien(s).

If you hold the title (because the lien was listed on or after July 30, 2012), you will have the option of adding a one-time name and address to redirect delivery of the new title to a different name/address than that of the vehicle owner listed on the title. This option is available whether the original title held is paper or electronic.

This will be useful to direct delivery of titles to:

- motor vehicle dealerships paying off a lien on a vehicle that has been traded in
- other financial institutions processing a refinance on the vehicle
- customers who have moved out of state, and need a paper title to relist your lien in their new state
